

# Performance Pedestals

Custom built pedestals for all your horse training needs.

Wood pedestals, safe enough to hold a horse with four feet on it. Rubber top offers non-slippery, safe surface. Constructed with sides so it is ideal for training. Raised design makes it easy to transport and pick up.

Top has smaller surface area than the bottom, so it will not tip or move. You can have a horse put two hooves or four on it. Excellent training device for horses.

Weighs approximately 55 lbs. Will build smaller to suit miniature horses, if you email or call us. Let us know your zip code, and we will figure out shipping costs.

\$275 Plus shipping and handling

Call 814-215-7171 or email [wpletcher@gmail.com](mailto:wpletcher@gmail.com)

*Third generation performer Austin Anderson uses Performance Pedestals. Austin started his career at the age of four working with his parents in Anderson's Wild West Entertainment and Themed Equine Shows. Austin created The Texas Trick Riders in 2004 and has toured the US and Canada. A movie stuntman, horseman, and entertainer, Austin draws from his vast experience to train horses and people. Austin is proud to endorse Performance Pedestals.*
